

HHW Collection Program for Geauga-Trumbull SWMD

- Who is the current vendor?
 - o Clean Earth
- Can you provide a list of rates submitted by all companies at the last bid?
 - o See attached
- Are you able to provide the number of participants for each Saturday event over the past two years?
 - o Trumbull County: 50- 75 cars on average an occasional 100 cars (typically the first Saturday collection)
 - o Geauga County: before 2022 we only did one day collections in Geauga County so we averaged 400 cars. As of opening the new facility we have had about 50 cars.
- Will a proposal that offers less than five yearly Saturday events at each facility be considered?
 - o Yes
- Would a proposal be considered that offers Sunday collections each year instead of Saturdays?
 - o No
- Can you provide any of the actual weights collected at the Geauga facility since it opened this summer? Any of the weekly or monthly reports would be helpful.
 - o Flammable liquids- 4,448 lbs.
 - o Paint related material- 14,865 lbs.
 - o Aerosols paints (and similar aerosols) - 1,532 lbs.
 - o Pest Aerosols (foaming aerosols) – 154 lbs.
 - o Ammonia solutions- 374 lbs.
 - o Corrosive liquids, Base- 891 lbs.
 - o Corrosive liquids, Acids- 773 lbs.
 - o Pest liquid- 2281 lbs.
 - o Fire extinguishers- 564 lbs. (126 each)
 - o Propane- 299 lbs. (115 each)
 - o Antifreeze- 2107 lbs.
 - o Non hazardous materials- 5409 lbs.
 - o Compact fluorescent lamps- 91 lbs.
 - o 4 foot fluorescent lamps- 911 lbs.
 - o 8 foot fluorescent lamps- 247 lbs.
 - o Alkaline batteries- 814 lbs.
 - o Non- coded pesticide solids- 699 lbs.
- How many employees does the current vendor send to each weekday collection?

- 3-4 employees, depending on the time of the year one of which assists with unloading
- How many employees does the current vendor send to each Saturday collection?
 - 8 for the first Saturday then around 6 the rest
- Are any containers permitted to be stored temporarily onsite or must all containers be removed at the end of each collection day?
 - All full containers must be weighed and labeled by the end of the day. If you have a trailer on site the containers have to be placed into the trailer until the trailer is shipped. If you do are not using a trailer, then all full containers must be removed at the end of each day.
